**“Jawoyn Civil is proactive, responsive and they completed quality work. We would be happy to engage Jawoyn Civil for future work.”**

GRAHAM CLARKE, CIVIL WORKS COORDINATOR, POWER WATER

**Jawoyn Civil is an arm of the Jawoyn Contracting, owned by parent company Jawoyn Association. Jawoyn Civil provides quality trade and civil works services across the Katherine and Arnhem region. Our skilled workforce has been built to service a growing need in public and private projects in the area and to provide employment opportunities for our strong Indigenous workforce.**

Jawoyn Civil has the general civil work capability of a medium class earth mover organisation with sufficient plant and trucks to engage in sealed road and pavement construction anywhere within the Katherine region. We boast the experience, together with a local network of professional and skilled operators and drivers, to effectively and efficiently carry out infrastructure works and projects.

**With a strong focus on quality and safety, the company has built a reputation for delivering reliable and innovative solutions to meet the needs of its clients.**

# Jawoyn Contracting is an Indigenous Company that provides a wide range of services to communities and industries across the Northern Territory.

## “If you share our vision, then we look forward to working with you.”

Jawoyn Contracting was first established to conduct building and construction works on Jawoyn Country. We had been building and managing infrastructure projects with the Jawoyn Rangers and saw an important opportunity in being able to grow a new dedicated workforce and to apply for public and private projects open for tender across the region, especially those on Jawoyn lands.

As advocates for Aboriginal people working to build our country, we also believe it is important to invest in Indigenous employment and training, as well as provide opportunities to those living on Jawoyn lands. We have 10 FTE's with access to a pool of up to 30.
